

SAFETY POLICY

Dominion Masonry Ltd. is committed to providing and maintaining a safe and healthy work environment for everyone on our site. It is company policy to provide top quality service to our client, while taking all reasonable steps to prevent injury to employees, the client and the public. To achieve this objective, the company will comply with the OH&S Regulation and all applicable federal, provincial, local, and industry safety regulations. We cannot meet this goal without full co-operation from all personnel.

On behalf of the Owner; Managers and Supervisors are responsible to promote the health and safety of employees and all subcontractors, as well as the provision of safe working conditions.

The MANAGEMENT is responsible for the health and safety of the employees and provision of a safe working environment. The Management shall also promote and support the company health and safety program and ensure that all employees are informed of what is expected of them regarding health and safety.

The SUPERVISORS shall lead by example, through following all safety regulations and by promoting all safety activities addressed in the Occupational Health & Safety Program. Supervisors shall ensure that employees and all sub-contractors are properly instructed to do their work safely and that everyone follows and complies with all applicable laws, rules, regulations and practices. Supervisors shall ensure a regular inspection of practices and conditions in the area of their control regularly and that prompt corrective action(s) are taken to eliminate hazards when unsafe acts or conditions become evident.

The FOREMAN shall set a good example by following all safety regulations and by promoting all safety activities addressed in the safety program.

EMPLOYEES AND SUBCONTRACTORS shall observe all safety rules and regulations and conduct themselves in a manner that do not endanger their well being or of others, or cause any property damage.

ALL PERSONS on the jobsite, including employees, sub-contractors and visitors shall comply with our Occupational Health & Safety Program

Our Occupational Health & Safety Program (OH & S Program) is designed in the best interests of all personnel, subcontractors, visitors and customers. We believe that accident prevention and efficient production can go hand in hand on all our job sites. Accordingly, we expect everyone to report & correct unsafe working conditions/activities, and work in a positive, cooperative manner towards the prevention and elimination of accidents.
